

Abdulwasiu A. Okunola

(+234)-902-134-2063 • Lagos, LA 100271 • abdayoade@gmail.com • www.linkedin.com/in/waas

SKILLS

FRONT END DEVELOPMENT | ReactJS • NextJS • Redux • JavaScript • TypeScript • HTML • CSS

BACK END DEVELOPMENT | Nest • NodeJS • Python • Django

MISCELLANEOUS | Postgres • MongoDB • GIT

SOFT SKILLS | Detail-oriented • Team player • Deliver results

EXPERIENCE

AL AMIN | ReactJS, ExpressJS, ReduxJS, NodeJS

Software Developer | Dec 2023 – Present, *Lagos, LA*

- Developed a tailored full-stack school database system, resulting in high user satisfaction.
- Established public and protected routes, prioritizing data security and access control.
- Implemented role-based authorization, enhancing system security and controlling access levels.
- Enabled result uploads by teachers, enhancing student access, reducing paper usage and making the process eco-friendly.
- Automated grade calculations based on school standards, improving academic assessment efficiency.

PROJECTS

With 1800+ hours of coding practices and projects. I have

- developed an e-commerce product API using Django and integrated the Algolia API for enhanced search functionality,
- built a blog project with Next.js, gaining insights into its nuances,
- built a repair shop ticketing web app with MERN, mastering backend-frontend interaction,
- developed the backend REST API and React frontend for a school public page and database system, mastering end-to-end workflow.

EDUCATION

BELLS UNIVERSITY OF TECHNOLOGY – OTA

B.Eng Electrical and Electronics Engineering.

Oct 2023 | Ogun, Nigeria

GPA: 4.24/5.0

CERTIFICATIONS

Google – Foundation of Cybersecurity, *January 2024*.

Huawei – HCIA Routing and Switching, *October 2021*.

Huawei – HCIA Cloud Computing, *October 2021*.

COURSEWORK

Software Development Life Cycle

Embedded systems

Control systems

Differential Equations

Computer Logic

Software Packages in Engineering

INTERESTS

Travelling • Public speaking • Fitness • Self-improvement • Arts
